Thanks for participating in our "Send Us a Bottle™" service. We look forward to working with you to make a personalized keepsake from your own bottle. Please read through the following before making the final decision on what bottle to send.

- We're pretty good at cutting glass, but nobody's perfect. If your bottle is priceless don't send it, we're good 90-95% of the time.

- The bottle has to be wide enough (2 in. on the inside “beer bottle wide”) to fit in a votive cup for us to make our candles. Nearly all bottles are possible, check our website to see a list bottles that are too narrow.
- *Have fun* and use your imagination on what you think will look cool as a candle!
- The cost is \$28 which includes return shipping.

What to expect and when to expect it.

Processing and modification usually takes 10 business days or less after we receive it. We will modify your bottle into a Refillable Gel Candle, Soy/Palm Wax Candle, or Hanging Hurricane Candle.
